

**Name Surname:** Volodymyr Prutian

**Desired position:** PHP Magento developer

---

## Summary

---

I am a certified PHP/Magento developer with 10 years of professional experience. Have a lot of experience of Magento code best practices, core code customization, extensions development. I specialize in backend development, but also have good knowledge of frontend side - JavaScript, HTML, CSS. My current work is to develop web applications, based on the Magento platform - 7 completed long-term projects in the last 4 years. I love to learn new things, new technologies and expand already existing knowledge.

## Skills

---

PHP, Magento, HTML, CSS, JavaScript, MySQL, Microsoft SQL Server, PhpStorm, Jira, Git.
